
Delegated report Officer: Christina Farrer

Application ref. DMPA/2019/0971

THE ERECTION OF A SINGLE STOREY REAR EXTENSION AT 11 SPRINGFIELD ROAD,
MIDWAY, SWADLINCOTE, DE11 0DA

Valid date: 20/08/2019

Consults expired: 14/09/2019

EIA development?

This decision is delegated to officers under the terms of the current Scheme of Delegation.

Relevant planning history

None

Responses to consultations and publicity

None

Relevant policy, guidance and/or legislation

The relevant Development Plan policies are:

- 2016 Local Plan Part 1: S2, SD1, SD3, BNE1, BNE4, INF2
- 2017 Local Plan Part 2: H27, BNE5, BNE7

Relevant local guidance is:

- Design Guide Supplementary Planning Document (SPD)

The relevant national policy and guidance is:

- National Planning Policy Framework (NPPF)
- Planning Practice Guidance (PPG)
- National Design Guide (NDG)

Planning considerations

Taking into account the application made, the document submitted (and supplemented and/or amended where relevant) and the site and its environs; the main issue(s) central to the determination of this application is/are:

- Design and the visual amenities of the area;
- Amenity of neighbours;
- Highway safety; and
- Impact on existing trees.

Planning assessment

Design and the visual amenities of the area

Policy BNE1 highlights the importance of new development being visually attractive, appropriate and of a high standard of architectural quality. Policy H27 specifically relates to new residential extensions and householder development stating that such development 'will be permitted provided that the proposals: are of a scale and character in keeping with the property, and the general character of the area'. The Design SPD at Appendix A provides more detailed guidance on matters of scale, character and form, position and materials.

The existing dwelling is rendered and has concrete roof tiles. The proposed single storey rear extension would be constructed of brick and have synthetic slate tiles. Given its limited height and position to the rear of the dwelling, it would integrate acceptably with the host dwelling and cause no harm to the streetscene.

In conclusion, the proposal would suitably comply with the relevant Local Plan Policies and the Design SPD in terms design and visual amenity subject to the aforementioned condition.

Amenity of Neighbours

Policies SD1, BNE1 and H27 seek to protect the privacy and amenity of existing and future occupiers, with specific 'Distance Guidance' contained within the Design SPD.

The extension would have rear facing windows and rooflights serving the family area and shower room. The proposed side door and window would serve only a utility room. The siting, design and windows of the extension relative to boundary treatment and the position of neighbouring dwellings and their primary windows is such that the proposal would have no adverse impact on the amenity of neighbours in terms of light to windows, privacy or any overbearing effect.

In conclusion, it is considered that the proposal suitably complies with the relevant Local Plan Policies and the Design SPD in terms of neighbours' amenity.

Highway Safety

Policy INF2 requires that appropriate provision is made for safe and convenient access, and that parking provision should have regard to parking standards. The Design SPD strongly encourages the provision of adequate parking spaces per dwelling, and recommends that two spaces be provided for homes of three bedrooms or more.

The proposal would; have no impact on the existing access and parking arrangements and no additional bedrooms are proposed.

The development would raise no highway safety issues, such that Local Plan Policy INF2 and the parking requirement of the Design SPD would be complied with.

Impact on Existing Trees

The development itself would have no impact on any existing trees, such that the requirements of Policies BNE4 and BNE7 would not be compromised.

Recommendation

Approve with Conditions

None of the other matters raised through the publicity and consultation process amount to material considerations outweighing the assessment of the main issues set out above, noting that conditions or obligations have been attached where meeting the tests for their imposition. Where relevant, regard has been had to the public sector equality duty, as required by section 149 of the Equality Act 2010 and to local finance considerations (as far as it is material), as required by section 70(2) of the Town and Country Planning Act 1990 (as amended), as well as climate change, human rights and other international legislation.
