Dear Sir/Madam

The felling of oak trees at 33 Newman Drive covered by TPO No 341

I apply to be granted permission to fell three oak trees which border my property and 33 Newman Drive. The tree roots have induced clay shrinkage causing my conservatory to move and we consequently found a crack had also appeared on one of the walls in my garage. The garage was built the same time as the house in 1995 and the conservatory was built in 2000. The trees are approximately 5 metres from my property and if left to their own devices apart from the root problem, the branch spread would eventually cover my back garden. I await your reply.

Regards

Graham Arnold
