RE: The Old Talbot PH - Listed Building and Advertisement applications

Sent: Fri 11/10/2019

Thanks Christina,

The inclusion of a decorative bracket better reflects the historic character of the building, its earlier signage schemes and the currently approved signage for the building, indeed its arguably a slight improvement on the currently approved design and as such I would have no objections to this revised proposal which would preserve the special architectural and historic significance of the listed building, achieving the desirable objective described in section 16 and 66 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
