

sustainable development in the District. Where practicable, feasible and necessary, and irrespective of the above decision, officers have made proactive attempts to find solutions to identified issues or to improve the quality of the development through negotiation with applicants and/or their nominated representatives, in order to foster the delivery of sustainable development and objectives of the Development Plan.

Conditions: where permission has been granted subject to conditions, you may be required to seek the written approval of details required therein before commencing the works or development or reaching a certain stage of the works or development or its use/occupation. If applicable, a formal application to discharge these requirements will be required. Further conditions may control the manner in which the development is carried out and used/occupied. Further information can be found at www.southderbyshire.gov.uk/planning and at www.gov.uk/guidance/use-of-planning-conditions. Failure to adhere to the conditions attached may result in the commencement of enforcement proceedings.

Changes in intention: any deviation from the approved plans/drawings and/or details should be discussed with the Local Planning Authority in advance. This includes circumstances where the applicant/developer subsequently identifies inaccuracies with the approved documents or conflict with other regulatory requirements. A formal application to amend the proposals or secure a revised permission may be necessary. Failure to secure necessary approval may result in the commencement of enforcement proceedings.

Scope of this decision: this is a planning decision notice which, unless expressly applied for and stated in the description of development above, conveys no decision of associated planning consent (such as listed building or advertisement consent); nor does it convey a decision under, or override, supersede or negate, any other legislation or the need to comply with restrictive covenants under Civil Law. In particular the necessary approval under the Building Regulations and the Public Health Acts must be obtained before the carrying out of building works. Where the adopted highway, including verges and pavements, is to be altered, the Local Highway Authority (Derbyshire County Council) should be contacted to establish its requirements.

Right of appeal to the Secretary of State: if you are aggrieved by the decision of your local planning authority to refuse permission or consent for your proposal or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990, subject to the following:

- if this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, any appeal must be made within 28 days of the date of this notice;
- if an enforcement notice is subsequently served relating to the same or substantially the same land and development as in your planning application, any appeal must be made within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a household or minor commercial appeal, the latter as defined by Part 1 Article 2 of the Town and Country Planning (Development Management Procedure) Order 2015) of the date of this notice, whichever period expires earlier;
- if this is a decision on an application for consent to cut down, top, lop, uproot or otherwise destroy a tree or trees protected by a tree preservation order, or for a decision on a lawful development certificate for proposed works to a listed building, any appeal must be made within 28 days of the date of this notice;
- if this is a decision on an application for advertisement consent, any appeal must be made within 8 weeks of the date of this notice;
- if this is a decision on an application for household or minor commercial development (the latter as defined by Part 1 Article 2 of the Town and Country Planning (Development Management Procedure) Order 2015), any appeal must be made within 12 weeks of the date of this notice;
- in all other cases, except for a decision on a lawful development certificate for an existing or proposed use or development, any appeal must be made within 6 months of the date of this notice.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. Appeals must be made using a form which you can get online at www.gov.uk/planning-inspectorate or from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN. The Secretary of State need not consider an appeal if it seems to them that the Local Planning Authority could not have granted planning permission or consent for the proposal or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by the Secretary of State.

Fire safety in new buildings: The applicant/developer is encouraged to install a sprinkler system in any new premises created on the site in order to reduce the risk of danger from fire to future occupants and property.

Purchase Notices: if permission is refused or granted subject to an unacceptable condition, and the owner of the property claims that the property has consequently become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development/work which has been or would be permitted, the owner may serve on the Council a purchase notice requiring that Council to purchase their interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
