COTTAGE OAK 6L GLAZED EXTERNAL DOOR

As an option for both front and back door applications, we offer a Cottage Oak 6 light glazed door, which is supplied unfinished and preglazed with 6 light effect (using astragal bars to both sides) clear double glazed units for good thermal performance. This Oak double glazed external door is supplied with 18mm solid oak door lippings so that it can be trimmed to suit your existing frame. These heavyweight Exterior Oak doors must be stored and decorated before installation in accordance with our "Care and Maintenance of External Doors" to enhance the life of this product.
