Hi Jessica

Yes, the use of 'Portland Stone Deep' coloured paint would be acceptable. I will add these details to the current discharge of conditions application I have. Condition 5 is worded such that I will be able to approve a change to the window paint colour (RAL 7033) that has been specified on the approved 9/2019/0038 plans.

Kind regards,

Teresa

Subject: RAL window colour advise for planning permission details

Hi Teresa

I hope this email finds you well. I am writing in regards to our application (TOMLINSON. 10 BROOK END REPTON. DMOT/2019/0927.) We have decided upon a window colour but it does not have a RAL or BS number. We have found something as close as possible (as shown below) but would we still be ok to use the Little Greene paint Portland Stone Deep?
