Dear Richard. Good afternoon, I hope the you are well. Please find attached letter confirming the start of construction works on site in connection with the approved battery storage unit approved under 9/2018/0223. This is to ensure that the Applicant has have carried out works to formally implement the planning consent before the expiry date of 1/5/2021, as per s93A the Planning and Business Act 2020.

If you have any questions or queries in connection with the above please do not hesitate to contact me.
