Dear Sir/Madam

UPGRADING OF PATH ON THE CLOUD TRAIL GREENWAY WALKING AND CYCLING ROUTE

TRENT LANE KING'S NEWTON TO THE TRENT AND MERSEY CANAL TOWPATH

Thank you for consulting us on the above application and please find our response detailed below.

Environment Agency position

We have **no objection** to the proposals.

Environmental permit - advice to applicant

Excluded activity 6 relates to minor works for highways and rights of way on or near bridges and culverts.

The applicant does not need a permit as long as your work won't affect the riverbed, banks, water level or flow in the river (including flood flow). This includes work such as road resurfacing or traffic control signs.

The applicant must not work from the river itself or from the bank and any equipment you use must be stored away from the river.

We also recommend that any works are carried out outside of the bird nesting season.

Yours faithfully

Mr Paul Goldsmith
