Dear Mr Kerr,

I apologise with the delay with this one. Neil hopes to write this one up by the end of next week.

Kind regards
Emma

We are currently receiving a high number of planning applications which is resulting in delays to our usual response times. We are determining applications and responding to enquiries in the order they are received. We will respond as soon as possible.

Dear Emma

I am sorry to bother you with this, Neil has been helpful in keeping us in the loop with the slow but steady progress he is making with all his other case load. This is not to complain about Neil in any way but rather that this application is now at least 7 months late, the parish council looked and had no objections to this back in September last year. Please please can you give this the behind the scenes help to give Neil the space perhaps to just focus on this and get this through. I don't believe there are any substantive issues, that these have been looked over by a number of conservation officers. My clients are getting understandably frustrated and angry at the costs that mount and the time that has lapsed. I am fully aware of the significant pressure you and the local authority are under but do hope you can help.

Yours sincerely
Robbie
