Timeframe for, and how and where to send a response

Due to the need to issue a decision within a statutory timeframe, I must receive your full comments promptly and no later than **16/10/2025**. Failure to respond within this timeframe will be taken as indicative of your intention not to comment and we will assume any previous comments still apply.

I would be grateful if comments are confined to the effects of the amendment(s), and please let us know in writing if you:

- no longer object to the proposal;

We must also be able to circulate any pre-commencement conditions to the applicant no less than 10 days before a decision is due.

Form and scope of response

I am seeking your comments in so far as it affects your interests. Please ensure any response clearly outlines (1) your current stance towards the proposal, (2) the reasons for your position, and (3) what conditions and/or obligations you would wish to see attached to any grant of permission. You are strongly recommended to use the enclosed pro-forma or set out your response in this manner.

You should base your request on our list of model conditions.

If you object to the proposals as currently presented, please outline the full reasons for your objection as **there is no guarantee that amendments or further information will be sought or received**. If you consider amendments or further information could overcome your objection, please provide these as advisory notes.

When a decision is made the decision notice and officer report will be displayed online at the above link.

Yours faithfully
